👤 ABOUT ME

I'm studying software development with a focus on frontend, backend and databases. I have hands-on experience building full-stack applications, integrating databases and working with testing. My background in healthcare has given me a strong sense of structure, responsibility and problem-solving skills.

🧠 TECHNICAL SKILLS

Frontend

- HTML, CSS, SCSS, JavaScript (ES6+), Node.js
- React, Next.js, Tailwind CSS, Bootstrap
- React Native (Expo), Gluestack
- Responsive Design, Figma, Wireframe

Backend & Databaser

- Node.js, Express.js, REST APIs
- Spring Boot
- Java EE / Jakarta EE, WildFly (JBoss)
- MongoDB, PostgreSQL, Supabase
- JWT-autentisering, EJS, Pug

Testing

- Jest, Cypressm JUnit (Java)
- Integration tests, End to End tests, TDD

DevOps & Deployment

- Docker, Vercel
- GitHub Actions, CI/CD Pipelines

Programming Languages

- JavaScript, TypeScript
- Java (Maven)

Agile Methods

- Scrum, Kanban

📁 WORK EXPERIENCE

Akutduon (2025 november) [↗](#)

Fullstack Developer/ Consultant

- Designed and developed a modern corporate website using Tailwind CSS. Responsible for visual design, layout and responsive behavior. Managed domain configuration and the technical setup required for deployment.

Kylkonsulten i Norr AB (2025 oktober)

Fullstack Developer / Consultant

- Developed and designed a corporate website in Next.js integrated with Sanity CMS, enabling the client to update content independently. Also responsible for basic SEO optimization and deployment through Vercel.

BRT Höjd AB (2025 Juli)

Fullstack Developer / Consultant

- Built and designed a modern corporate website in Next.js using Bootstrap and React. Responsible for domain configuration, SEO optimization and deployment.

Piteå Kommun (2017 – 2024)

Residence Supervisor

- Provided support to individuals with neuropsychiatric diagnoses, substance abuse issues and psychotic disorders. Work involved responsibility, collaboration and administrative tasks.

Din förlängda Arm (2019)

Personal Assistant

- Provided support in daily activities and transportation for an individual with MS.
